

## WELL-CAP-02

### Well Cap for MicroRX Water Level Stations

This locking well cap provides a convenient way to suspend HOBO MicroRX Water Level sensor cables in a well, and provides strain relief (especially important for long cables).

#### Key Advantages:

- Mounts on standard 2" (5 cm) PVC and steel wells
- Includes mounting disk with bolts for suspending the water level sensor cable from the RX2103 or RX2104 station
- Includes notch for taking the reference water level measurement with the sensor in place
- 1/8" vent hole
- Easy tap-on installation without glue or screws
- Heavy-duty nylon construction with UV protection
- Can be secured with standard #1 padlock
